

GEOGRAPHY GEOG-G499

HONORS RESEARCH IN GEOGRAPHY

Honors Research in Geography (GEOG-G499) is required for students who wish to receive departmental honors. In addition to the research and thesis writing, students must present the research to a committee composed of at least two Geography faculty members. The following also are required for departmental honors :

- Maintain a 3.500 GPA in Geography courses.
- Maintain a 3.300 GPA overall.
- Complete all requirements for major and degree.
- Apply for departmental honors before the first semester of the senior year.
- Take GEOG-X490 and GEOG-G499 sequentially, earning grades of B or higher in each course.

Interested students should consult with the undergraduate advisor or the Director of Undergraduate Studies.
